A New Message from the President of Malki Museum

I can hardly believe that 30 years have passed since we published the first *Journal of California Anthology*. So many wonderful things have happened. Most importantly we have published over 56 issues filled with informative and educational reviews and articles that have reached far and wide around the earth.

The *Journal* is living up to all I had envisioned and will continue to go with the help of all people interested in sharing information on the indigenous people of California, Baja and the Great Basin.

Enjoy.
