The Origins of a Pacific Coast Chiefdom *The Chumash of the Channel Islands*

Edited by Jeanne E. Arnold

"The strongest and most thorough case study of a complex hunting and gathering culture that I have read, and one of the best archaeological case studies, period, that I have read in some time."

—Gary Coupland, University of Toronto

Cloth \$60.00

Distributional Archaeology

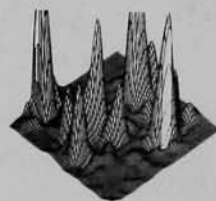

James I. Ebert

James Ebert characterizes the archaeological record as an accumulation of many human events superimposed upon each other across time and distance rather than focusing on reconstructing events and episodes at camps, pueblos, or killsites.

"Implementation of Ebert's proposals could bring profound, positive changes in the way archaeology is done."

—William Dancey, *American Antiquity*
