Publication Date

2006-07-13

**Bibliography of
University of California
Institute of Marine Resources
Publication Series
1954 – 1990**

IMR Reference Series

- 54-1 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. First quarterly report, 1 July-30 September 1954. API Research Project 51. API Report No.14. 12 October 1954. 21p.
- 54-2 Quarterly progress report no. 21. Beach Erosion Board. July-September 1954. 20 October 1954. 9p.
- 54-3 Rechnitzer, Andreas B. and Carl L. Hubbs. Progress report on experiments to determine effects on marine life of explosives designed for seismographic exploration. Pressure-shock Research Project. 6 December 1954. 39p.

- 55-1 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Second quarterly report, 1 October-31 December 1954. API Research Project 51. API Report No.15. 11 January 1955. 35p.
- 55-2 Corcoran, E. F. and J. S. Kittredge. Pitting corrosion of reserve fleet ships. University of California Department of Engineering. University Extension. 8p.
- 55-3 Quarterly progress report no.22. Beach Erosion Board. October-December 1954. 25 January 1955. 8p.
- 55-4 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Third quarterly report, 1 January-31 March 1955. API Research Project 51. API Report No.16. 14 April 1955. 29p.
- 55-5 Quarterly progress report no.23. Beach Erosion Board. January-March 1955. 15 May 1955. 7p.
- 55-6 Rechnitzer, Andreas B. Report on experiments designed to determine the lethal effects of carbon dioxide (cardox) discharge technique on fish life. Seismic Signal Research-WGO Project. 22 April 1955. 32p.
- 55-7 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Fourth quarterly report, 1 April-30 June 1955. API Research Project 51. API Report No.17. 20 July 1955. 18p.
- 55-8 Quarterly progress report no.24. Beach Erosion Board. April-June 1955. 18 July 1955. 9p.
- 55-9 Limbaugh, Conrad. Fish life in the kelp beds and the effects of kelp harvesting. Final résumé of results of investigations conducted from 1948 to 1954 under fellowship grant from Kelco Company. 9 September 1955. 158p.
- 55-10 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. First quarterly report, 1 July-30 September 1955. API Research Project 51. API Report No.18. 6 October 1955. 23p.
- 55-11 Quarterly progress report no.25. Beach Erosion Board. July-September 1955. 10 October 1955. 5p.

- 56-1 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Second Quarterly Report, 1 October-31 December 1955. API Report No.19. API Research Project 51. 12 January 1956. 19p.
- 56-2 Quarterly Progress Report No.26. Beach Erosion Board. October-December 1955. 19 March 1956. 5p.
- 56-3 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Third Quarterly Report, 1 January-31 March 1956. API Research Project 51. API Report No.20. 25 April 1956. 23p.
- 56-4 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Fourth Quarterly Report, 1 April-30 June 1956. API Research Project 51. API Report No.21. 11 September 1956. 21p.
- 56-5 Rechnitzer, Andreas B. and Conrad Limbaugh. An oceanographic and ecological investigation of the area surrounding the Union Oil Company Santa Maria refinery outfall, Oso Flaco, California. For the State Water Pollution Control Board. 24 September 1956. 67p.
- 56-6 Cancelled
- 56-7 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. First Quarterly Report, 1 July-30 September 1956. API Research Project 51. API Report No.22. 24 October 1956. 4p.
- 57-1 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Second Quarterly Report, 1 October-31 December 1956. API Research Project 51. API Report No.23. 30 January 1957. 20p.
- 57-2 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Third Quarterly Report, 1 January-31 March 1957. API Research Project 51. API Report No.24. 15 May 1957. 16p.
- 57-3 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Fourth Quarterly Report, 1 April-30 June 1957. API Research Project 51. API Report No.25. 1 July 1957. 14p.
- 57-4 Kelp Investigations Program. Annual Report. 1 July 1957. 56p.
- 57-5 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. First Quarterly Report 1957/1958, 1 July-30 September 1957. API Research Project 51. API Report No.26. 1 October 1957. 12p.

- 57-6 Kelp Investigations Program. Progress Report. 10 October 1957. 35p.
- 58-1 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Second Quarterly Report 1957/1958, 1 October-31 December 1957. API Research Project 51. API Report No.27. 1 January 1958. 15p.
- 58-2 Pollution versus kelp. Water Pollution Control Board. Quarterly Progress Report, 1 October-31 December 1957. 20 January 1958. 17p.
- 58-3 Kelp Investigations Program. Quarterly Progress Report. 31 January 1958. 21p.
- 58-4 Davies, David H. The relationship between sportfishing in the kelp beds and the harvesting of kelp off the coast of California. 10 January 1958. 61p.
- 58-5 Kelp Investigations Program. Quarterly Progress Report, 1 January-31 March 1958. 15 May 1958. 18p.
- 58-6 The effects of waste discharges on kelp. Water Pollution Control Board. Quarterly Progress Report, 1 January-31 March 1958. 19 May 1958. 17p.
- 58-7 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Third Quarterly Report 1957/1958, 1 January-31 March 1958. API Research Project 51. API Report No.28. 1 April 1958. 11p.
- 58-8 Livingston, Robert B. and Huge Bradner. Physiology and physics of diving. 10 June 1958. 37p.
- 58-9 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. Fourth Quarterly Report 1957/1958, 1 April-30 June 1958 and Annual Report 1957/1958. API Research Project 51. API Report No.29, 1 July 1958. 9p.
- 58-10 Kelp Investigations Program. Quarterly Progress Report, 1 April-30 June 1958. July 1958. 48p.
- 58-11 The effects of wasted discharges on kelp. Water Pollution Control Board. Annual Progress Report. 1 July 1958. 42p.
- 58-12 Kelp Investigations Program. Annual Report. 1 July 1958. 19p.
- 58-13 Study of nearshore recent sediments and their environments in the northern Gulf of Mexico. First Quarterly Report 1958/1959, 1 July-30 September 1958. API Research Project 51. API Report No.30. 1 October 1958. 13p.
- 58-14 Cancelled

58-15 Kelp Investigations Program. Quarterly Progress Report, 1 July-30 September 1958. October 1958. 18p.

- 59-1 The effects of waste discharges on kelp. Quarterly progress report: 1 July – 30 September 1958. Water Pollution Control Board. November 1958. 26p.
- 59-2 Study of nearshore recent sediments and their environments in the Northern Gulf of Mexico. Second quarterly report; 1 October – 31 December 1958. American Petroleum Institute Research Project 51. API report No. 31. January 1959. 9p.
- 59-3 ZoBell, Claude E Factors affecting drift seaweeds on some San Diego Beaches. January 1959. 122p.
- 59-4 The effects of waste discharges on kelp. Quarterly progress report; 1 October – 31 December 1958. Water Pollution Control Board. May 1959. 25p.
- 59-5 Study of recent sediments and their environments in the Gulf of California. Third quarterly report; 1 January – 31 March 1959. American Petroleum Institute Research Project 51. API report No. 32. April 1959. 3p.
- 59-6 Kelp investigations program. Quarterly progress report: 1 October – 31 December 1958. May 1959. 32p.
- 59-7 Study of recent sediments and their environments in the Gulf of California. Fourth quarterly report; 1 April – 30 June 1959. American Petroleum Institute Research Project 51. API report No. 33. July 1959. 17p.
- 59-8 The effects of waste discharges on kelp. Quarterly progress report: 1 January – 31 March 1959. Water Pollution Control Board. August 1959. 17p.
- 59-9 Kelp investigations program. Quarterly progress report ; 1 January – 31 March 1959. August 1959. 39p.
- 59-10 Kelp investigations program, annual report, 1958 – 59. 30 September 1959. 18p.
- 59-11 The effects of waste discharges on kelp. Annual progress report; 1 July 1958 – 30 June 1959. Water Pollution Control Board. October 1959. 38p.
- 59-12 Study of recent sediments and their environments in the Gulf of California. First quarterly report; 1 July – 30 September 1959. American Petroleum Institute Research Project 51. API report 34. October 1959. 6p.
- 59-13 Rechnitzer, Andreas B. and Conrad Limbaugh. An oceanographic and ecological investigation of the area surrounding the Union Oil Company Santa Maria Refinery outfall, Oso Flaco, California (Revised). State Water Pollution Control Board. October 1959. 71p.

- 60-1 Study of recent sediments and their environments in the Gulf of California. Second Quarterly Report 1959-1960. 1 October-31 December 1959. API Research Project 51. API Report No. 35. 1 January 1960. 9p.
- 60-2 Kelp Investigations Program. Quarterly Progress Report. 1 April-30 June 1959. 23 January 1960. 63p.
- 60-3 Kelp Investigations Program. Quarterly Progress Report. 1 October-31 December 1959. 12 April 1959. 46p.
- 60-4 The effects of waste discharges on kelp. Water Pollution Control Board. Quarterly Progress Report. 1 July 1959-30 September 1959. 12 April 1960. 55p.
- 60-5 Study of recent sediments and their environments in the Gulf of California. Third Quarterly Report 1959-1960. 1 January-31 March 1960. API Research Project 51. API Report No.36. 1 April 1960. 4p.
- 60-6 Kelp Investigations Program. Quarterly Progress Report. 1 July-30 September 1959. 12 July 1960. 35p.
- 60-7 The effects of waste discharges on kelp. Water Pollution Control Board. Quarterly Progress Report. 1 January-31 March 1960. 22 July 1960. 26p.
- 60-8 Kelp Investigations Program. Quarterly Progress Report. 1 January-31 March 1960. 26 July 1960. 41p.
- 60-9 Study of recent sediments and their environments in the Gulf of California. Fourth Quarterly and Annual Report 1959-1960. 1 April-30 June 1960. API Research Project 51. API Report No.37. 1 July 1960. 26p.
- 60-10 The effects of waste discharges on kelp. Water Pollution Control Board. Quarterly Progress Report. 1 October-31 December 1959. 23 August 1960. 19p.
- 60-11 Mero, John L. An economic analysis of mining deep-sea phosphorite. 1960. 4p.
- 60-12 Kelp Investigations Program. Quarterly Progress Report. July 1-September 30, 1960. 5p.
- 60-13 The effects of waste discharges on kelp. Quarterly Progress Report. 1 July 1960-30 September 1960. October 18, 1960. 11p.
- 60-14 Kelp Investigations Program. Quarterly Progress Report. 1 October 1960- 31 December 1960. 13p.

- 60-15 The effects of waste discharges on kelp. Quarterly Progress Report. 1 October 1960-31 December 1960. January 20, 1961. 13p.
- 60-16 Kelp Investigations Program. Annual Report 1959-1960. 58p.
- 60-17 The effects of discharged wastes upon kelp. Annual Progress Report. 1 July 1959-30 June 1960. 58p.

- 61-1 Study of recent sediments and their environments in the Gulf of California. First and Second Quarterly Report 1960-1961. 1 July- 31 December 1960. API Research Project 51. API Report 38. 1 January 1961. 10p.
- 61-2 Study of recent sediments and their environments in the Gulf of California. Annual Report 1960-1961. 1 January - 30 June 1961. API Research Project 51. API Report No.39. 1 July 1961. 17p.
- 61-3 Kelp Investigations Program. Quarterly Progress Report. 1 January-31 March 1961. May 15, 1961. 13p.
- 61-4 The effects of waste discharges on kelp. Quarterly Progress Report. 1 January-31 March 1961. May 15, 1961. 10p.
- 61-5 The effects of waste discharges on kelp. Quarterly Progress Report. 1 July-30 September 1961. November 3, 1961. 38p.
- 61-6 Draft of final report to the California Department of Fish and Game on the kelp study program. August 7, 1961. 93p.
- 61-7 The effects of waste discharges on kelp. Quarterly Progress Report. 1 October-31 December 1961. February 1, 1962. 56p.
- 61-8 The effects of discharged wastes upon kelp. Annual Progress Report. 1 July 1960-30 June 1961. 42p.

- 62-1 Study of recent sediments and their environments in the Gulf of California. Semiannual report 1961. 1 July-31 December 1961. API Research Project 51. API Report No.40. 1 January 1962. 7p.
- 62-2 Study of recent sediments and their environments in the Gulf of California. Semiannual report 1962. 1 January-30 June 1962. API Research Project 51. API Report No.41. 1 July 1962. 7p.
- 62-3 The effects of waste discharges on kelp. [Final] Quarterly Progress Report. 1 January-31 March 1962. 35p.
- 62-4 IMR Annual Report 1961-1962. 31p.

- 63-1 Scripps Tuna Oceanography Research (STOR) Program. Report for the half-year, July 1, 1962 – December 31, 1962. Bureau of Commercial Fisheries, U. S. Fish and Wildlife Service, Dept. of Interior, Contract 14-17-0007-70. (Also issued as SIO Reference 63-8). March 11, 1963. 18p.
- 63-2 Menzel, D. B. and H. S. Olcott. Oxidative deterioration of fish and fishery products. Contract 14-19-008-2384. Progress Report No.46. January 6, 1963 – March 6, 1963. 16p.
- 63-3 Menzel, D. B. and H. S. Olcott. Oxidative deterioration of fish and fishery products. Contract 14-19-008-2384. Progress Report No.46. March 6, 1963 - May 6, 1963. 13p.
- 63-4 Menzel, D. B. and H. S. Olcott. Oxidative deterioration of fish and fishery products. Contract 14-19-008-2384. Progress Report No.47. May 6, 1963 – July 6, 1963. 6p.
- 63-5 Folsom, T. R. Precision of measurement of small traces of radioactivity by gamma spectrometry. Contract AT(11-1)-34 for the USAEC San Francisco Operations Office. IMR-TR-922-63-I. April 3, 1963. Hyperion Series. 61p.
- 63-6 An investigation of the effects of discharged wastes on kelp. Final Report. Standard Agreement 12C-16. 1 April 1963. 305p.
- 63-7 Brown, W. D. Progress Report: Radiation of heme proteins. [n.d.] 4p.
- 63-8 Menzel, D. B. and H. S. Olcott. Oxidative deterioration of fish and fishery products. Contract 14-19-008-2384. Progress Report No.48. July 6, 1963 – September 6, 1963. 12p.
- 63-9 Preliminary investigations into tuna quality. H. S. Olcott and M. B. Schaefer, principal investigators. Final report, Contract No. 14-17-001-844, U. S. Bureau of Commercial Fisheries. January 15, 1963 to June 30, 1963. 16p.
- 63-10 Scripps Tuna Oceanography Research (STOR) Program. Report for the year, July 1, 1962 – June 30, 1963. Bureau of Commercial Fisheries, U. S. Fish and Wildlife Service, Dept. of Interior Contract 14-17-0007-70 and Atomic Energy Commission Contract AT(11-1)-34, Project 99. (Also issued as SIO Reference 63-22). August 15, 1963. 24p.
- 63-11 Progress Report on Contract No. 14-17-001-844 with U. S. Bureau of Commercial Fisheries. July 1, 1963 to September 30, 1963. 3p.
- 63-12 Annual Report for year ending 30 June 1963. 36p.
- 63-13 Kelp habitat improvement project. Final Report. 1 December 1963. 131p.

63-14 Mezel, D. B. and H. S. Olcott. Oxidative deterioration of fish and fishery products. Contract 14-19-008-2384. Progress Report No.49. September 6, 1963 – November 5, 1963. 5p.

- 64-1 Menzel, D. B. and H. S. Olcott. Oxidative deterioration of fish and fishery products. Progress report; November 6, 1963 – January 5, 1964. 17p.
- 64-2 Quarterly progress report on contract no.14-17-001-844 with U. S. Bureau of Commercial Fisheries, for the period ending 31 December 1963. 10p.
- 64-3 Environmental studies in the vicinity of Point Arguello. Progress report for the quarter ending 31 January 1964. 6p.
- 64-4 Blackburn, Maurice. Scripps Tuna Oceanography Research (STOR) Program. Report for the half-year; July 1, 1963 – December 31, 1963. (Also issued as SIO reference No. 64-1) March 1964. 19p.
- 64-5 Strickland, J. D. H. A chart of the marine food chain with notes on our knowledge of the system and of some outstanding problems. April 1964. 20p.
- 64-6 Menzel, D. B. and H. S. Olcott. Continuing studies on the fatty acid aggregation of fish myosins. Progress report January 6, 1964 – March 6, 1964. 13p.
- 64-7 Interim quarterly report on contract no. 14-17-001-844 (Tuna quality) with U. S. Bureau of Commercial Fisheries, for period ending 31, March 1964. 2p.
- 64-8 Menzel, D. B. and H. S. Olcott. Oxidative deterioration of fish and fishery products. Progress report; March 6, through May 5, 1964. 10p.
- 64-9 Environmental studies in the vicinity of Point Arguello. Progress report for the quarter ending 30 April 1964. 15p.
- 64-10 Cancelled
- 64-11 Blackburn, Maurice. Scripps Tuna Oceanography Research (STOR) Program. Report for the year; July 1, 1963 – June 30, 1964. (Also issued as SIO Reference Number 64-10) July 1964. 34p.
- 64-12 IMR annual report for the year ending 30 June 1964. 64p.
- 64-13 Olcott, H. S. and M. B. Schaefer. Investigations into tuna quality. Final report; 1 July 1963 to 30 June 1964. 38p.
- 64-14 Environmental studies in the vicinity of Point Arguello. Progress report for the quarter ending 31 July, 1964. 14p.
- 64-15 Cancelled
- 64-16 Menzel, D. B. and H. S. Olcott. Oxidative deterioration of fish and fishery products. May 6 through September 5, 1964. 9p.

- 64-17 Olcott, H. S. and M. B. Schaefer. Preliminary investigation into tuna quality. First quarterly progress report; July 1 to September 30, 1964. 7p.
- 64-18 Marine Advisers, Inc. Longshore component of seasonal wave power calculated for four locations near Point Arguello, California. Prepared for University of California, San Diego. August 1964. 37p.
- 64-19 Environmental studies in the vicinity of Point Arguello. Progress report for the quarter ending 31 October 1964. 31p.
- 64-20 A summary of the benthic biology of the Conception-Hueneme Shelf with recommendations for a further study of the shelf from Point Conception to Point San Luis. November 1964. 75p.
- 64-21 Lampietti, F. J. Beach survey; Pismo to Saint Augustin, California. A report to the Institute of Marine Resources by Ocean Science and Engineering, Inc. 2 volumes. 1964. 383p.
- 64-22 Menzel, D. B. and H. S. Olcott. Oxidative deterioration of fish and fishery products. Progress report: September 5, 1964 – December 5, 1964. 20p.

- 65-1 Cancelled
- 65-2 Crew, H. and C. G. Worrall. Diffusion studies in the Point Arguello Region, July 1964. January 1965. 39p.
- 65-3 Olcott, H. S. and M. B. Schaefer. Preliminary investigations into tuna quality. Second quarterly progress report; October 1 1964 to December 31, 1964. 3p.
- 65-4 Review of the coastal fisheries of the West Coast of Latin America. Inter-American Tropical Tuna Commission. January 1965. 154p.
- 65-5 Blackburn, Maurice. Scripps Tuna Oceanography Research (STOR) Program. Report for the half-year; July 1, 1964 – December 31, 1964. (Also issued as SIO reference number 65-4) February 1965. 24p.
- 65-6 Research on the marine food chain. Progress report; June 1963 – December 1964. Part 1; Introduction and account of work in progress. Part 2; Manuscript reports of work concluded. 367p.
- 65-7 Strickland, J. D. H. Research on the marine food chain. Progress report; June 1963 – December 1964. Part 3; Data record and comments. Cruise FCG 64/1. 57p.
- 65-8 Environmental studies in the vicinity of Point Arguello. Progress report for the quarter ending 1 January 1965. 23p.
- 65-9 Menzel, D. B. and H. S. Olcott. Oxidative deterioration of fish and fishery products. Progress report; December 6 through March 5, 1965. 6p.
- 65-10 Wyrteki, Klaus. Summary of the physical oceanography of the Eastern Pacific Ocean. 1965. 79p.
- 65-11 Olcott, H. S. and M. B. Schaefer. Preliminary investigations into tuna quality. Third quarterly progress report; January 1, 1965 to March 31, 1965. 3p.
- 65-12 Environmental studies in the vicinity of Point Arguello. Progress report for the quarter ending 30 April 1965. 3p.
- 65-13 Olcott, H. S. Oxidative deterioration of fish and fishery products. Progress report; March 6 through June 5, 1965. 5p.
- 65-14 Risebrough, R., D. J. Martin, Jr., D. B. Menzel, and H. S. Olcott. Toxic residues in marine foods. Progress report; January 1 to June 30, 1965. 39p.
- 65-15 Risebrough, R., D. J. Martin, Jr., D. B. Menzel, and H. S. Olcott. Toxic residues in marine foods. Progress report; July 1 to September 30, 1965. 27p.

- 65-16 Blackburn, Maurice. Scripps Tuna Oceanography Research (STOR) Program. Report for the year July 1, 1964 – June 30, 1965. (Also issued as SIO Reference Number 65-13) July 1965. 38p.
- 65-17 Olcott, H. S. and M. B. Schaefer. Investigations into tuna quality. Final report; 1 July 1964 to 30 June 1965. 96p.
- 65-18 Worrall, C. G. and Robert M. Born. Diffusion studies in the Point Arguello Region, January 1965, and comparison with results from study in July 1964. June 1965. 37p.
- 65-19 Reid, Joseph L., Jr. Physical oceanography of the region near Point Arguello. July 1965. 94p.
- 65-20 Olcott, H. S. Oxidative deterioration of fish and fishery products. Progress report; June 6 through September 5, 1965. 5p.
- 65-21 California and use of the ocean. A planning study of marine resources prepared for the California State Office of Planning. October 1965. 482p.
- 65-22 Bowen, A. J. and D. L. Inman. Budget of littoral sands in the vicinity of Point Arguello. September 1965. 59p.
- 65-23 Summary of physical, chemical and biological oceanography (including fisheries) of the Eastern Tropical Pacific Ocean. Final report. 1965. 8p.
- 65-24 Brown, W. D. and H. S. Olcott. Investigations into tuna quality. Quarterly report; 1 July 1965 – 30 September 1965. 17p.
- 65-25 Environmental studies in the vicinity of Point Arguello. Progress report for the quarter ending 31 July 1965 and for the Quarter ending 30 October 1965. 2p.
- 65-26 Schaefer, Milner B. Some aspects of the biological oceanography of the California current with particular reference to the vicinity of Point Arguello. November 1965. 59p.
- 65-27 Olcott, H. S. Oxidative deterioration of fish and fishery products. Progress report; September report; September 6 through December 5, 1965. 5p.
- 65-28 IMR annual report for the year ending 30 June 1965. 30p.
