1 = very DISsatisfied . . . 7 = very satisfied

RATE: Before v. After

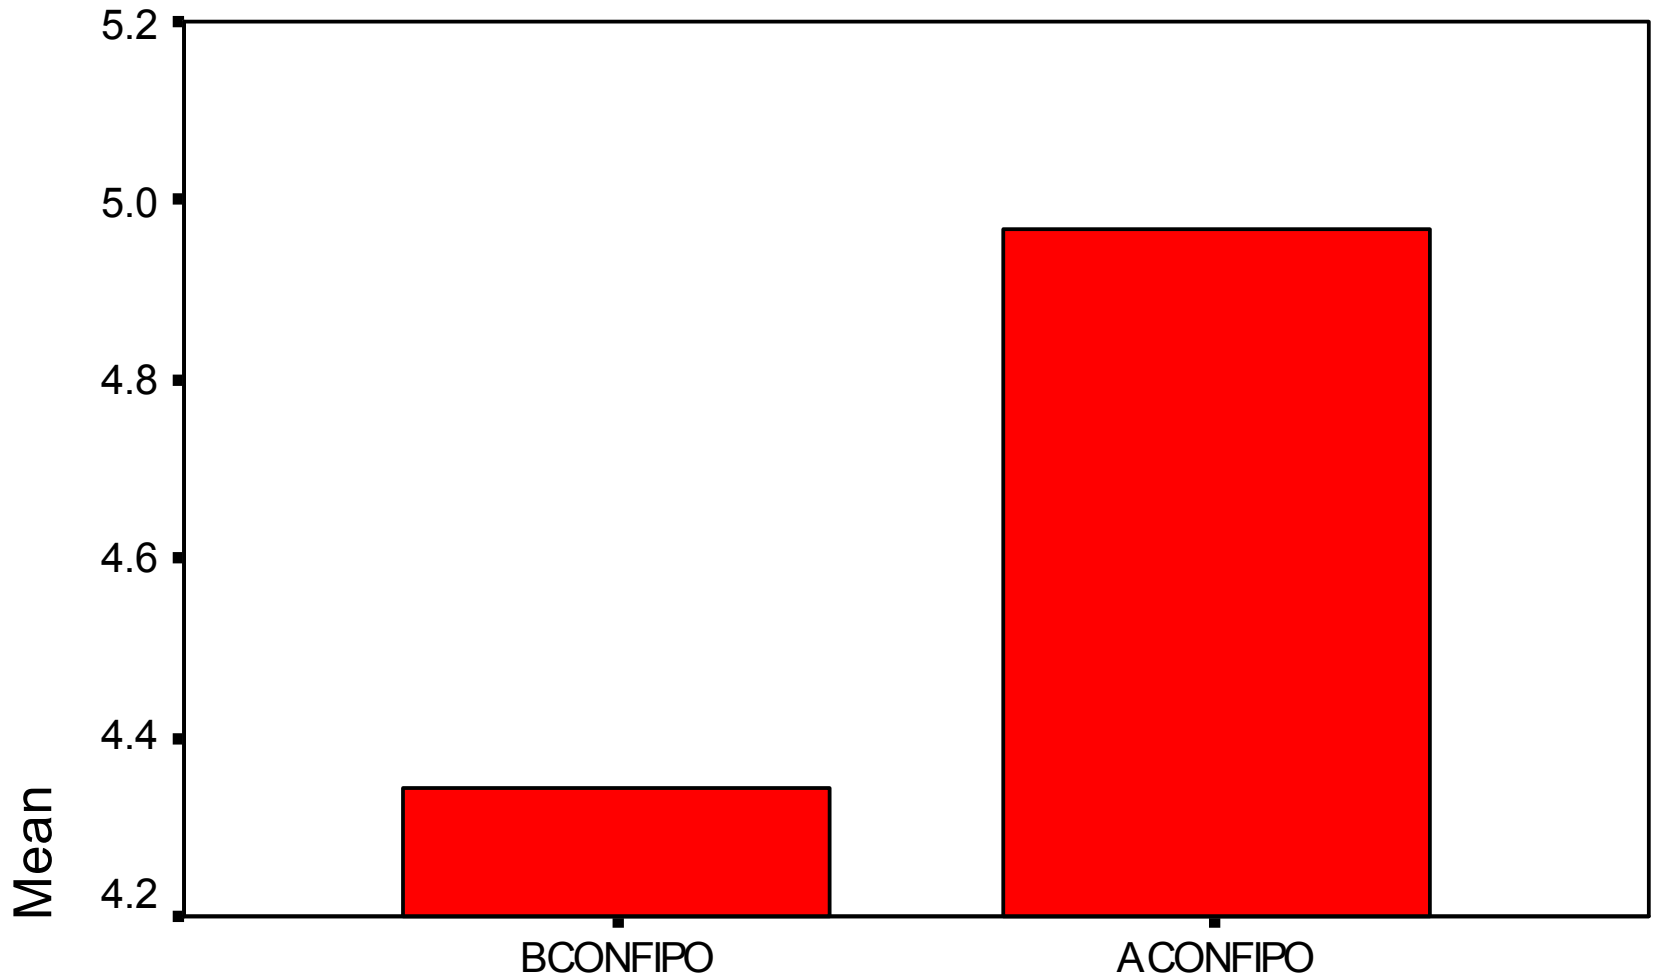

How RATE law enforcement?

1 = Very Poor . . . 7 = Excellent

CONFIDENCE: Before v. After

I have CONFIDENCE in LE to do its job well.

1 = strongly DISagree . . . 7 = strongly agree

Next Steps

- COPPAC Surveys demonstrate significant predictors of Attitudes Toward Police (ATP)
 - Analyze use/non-use of such factors in Real Life Police – Civilian Interactions = **Videos**
 - Practical Applications of Lessons Learned from Videos
 - What factors, under what circumstances → positive outcomes*
 - What factors, under what circumstances → negative outcomes*
- *Positive/negative outcome definitions can be developed in SBSD focus groups
